Swiss Water Experience

Bath
Collection

Precise Pure Elegant

A bathroom is your oasis of calm. The purifying power of water can wash away the imperfections of the outside world. Everything becomes as it should be. By simply turning on the faucet, you find peace of mind.

The most incredible designs are those that reflect the precision, purity and elegance of nature.

KWC SHOWER HEADS	35

Faucets **for the Bath**

KWC **ONO**

KWC ONO brings both practicality and elegance to the bathroom. With its streamlined look and cylindrical form, the uncompromising geometry of the KWC ONO gives this faucet a strength that goes far beyond the bounds of everyday.

Direct and precise

The KWC ONO operating lever is made of the kind of unbreakable, corrosion-resistant stainless steel you would normally find in medical technology. This means that you can count on perfect precision when you use it.

Dazzling diversity in bathtub details

As a bathtub feature, KWC ONO combines comfort, safety and aesthetic appeal in a single bathroom faucet. Whether you opt for a classic lever mixer or a thermostat, a surface-mounted or concealed solution, the versatile variety offered by KWC ONO gives you plenty of scope for planning your bathroom design.

KWC ZOE

KWC ZOE adds a touch of sophisticated glamour to your bathroom. Beneath its gentle, sculptural surface is a faucet that contains innovative technologies that offer tangible benefits.

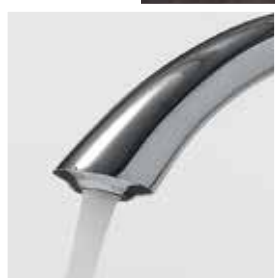

Intuitive and exclusive

KWC ZOE's graceful yet ergonomically robust lever with a shortened pin blends discreetly and elegantly into the overall interior design of your bathroom. It also allows you to control the flow rate and water temperature easily and intuitively, leaving your hands as free as possible.

Neoperl® Caché® SSR E

Thanks to the Neoperl® Caché® SSR E jet regulator integrated into the spout, the direction and angle of the jet of water from side-operated basin faucets can be adjusted as required if the water is hitting the basin at an inconvenient angle.

KWC ZOE is as stylish as it is flexible. It fits in perfectly with any bathroom design concept. Wherever you put it, this graceful faucet leaves your hands plenty of room to maneuver, taking convenience to a whole new level.

KWC AVA

KWC AVA will satisfy your fine sense of style and your requirement for reliable Swiss quality and state-of-the-art technology. The slender geometric forms result in a beauty that emphasizes individual character of the bathroom.

Up and down

The flat lever is KWC AVA's trademark feature. Elegantly slim, it nevertheless fits extremely snugly in your hand, ensuring that KWC AVA cuts a fine figure in any position.

Cool and controlled

The faucet helps to raise your awareness of how you use water. Thanks to the energy-saving coolfix® technology, cold rather than lukewarm water flows when the lever is in its central position, which inevitably reduces your hot water consumption.

KWC PIANA

Understated yet luxurious, KWC PIANA faucets combine minimalist style with extensive features and unsurpassed quality. With a wide range of offerings, you'll find the perfect complement to your style without sacrificing the functions that fit your lifestyle and needs.

Lever design

Robust yet maneuverable, this faucet combines exceptional ease of use with timeless aesthetic appeal. KWC PIANA's distinctive flat lever sits comfortably in your hand and offers impressive functionality – with looks to match.

Pop-up lever

The lever mixer is available with or without a pop-up lever that drains the bath basin with a simple touch. The pop-up lever blends discreetly into the overall design.

Shower or bath? It doesn't matter – the answer is always KWC PIANA. You can choose between classic surface-mounted lever mixers and elegant concealed versions. The individual elements are ideal for combining with hand showers, shower heads or thermostats.

Shower **Culture**

KWC ELY

With the KWC ELY hand shower, you are sending a clear message: Your shower has style. That's because KWC ELY blends cylindrical and elliptical forms to create a sculptural, dynamic design and directs its jet of water exactly where you need it: on your body.

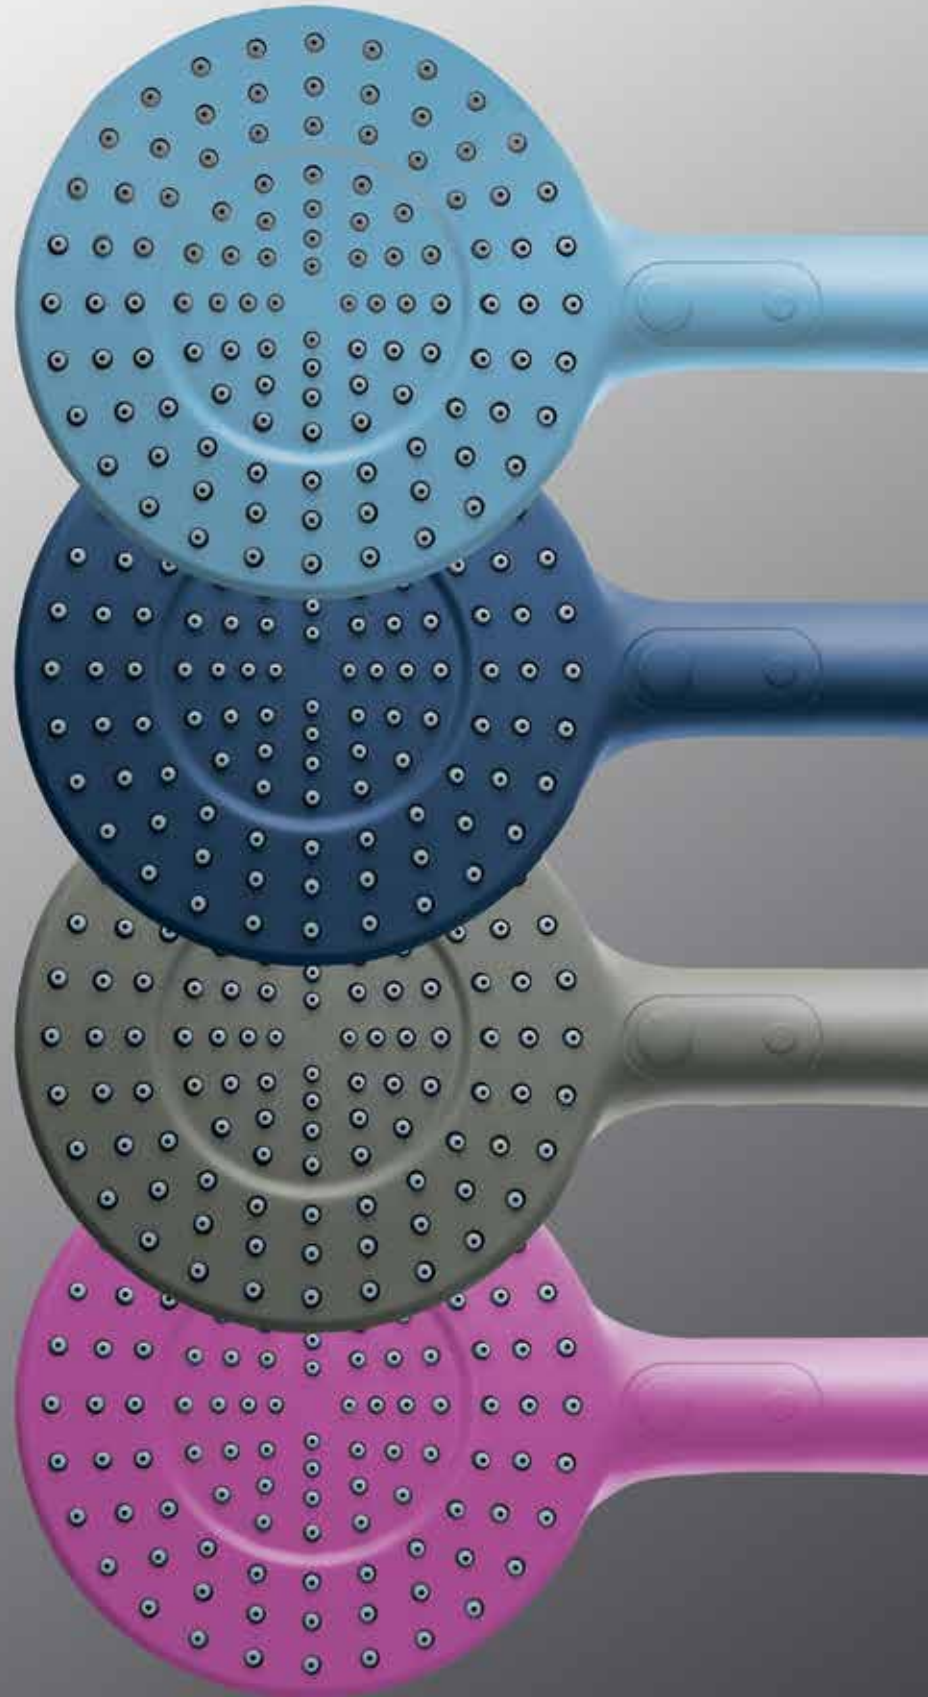

Dual Spray
Hand Shower

26.000.121.000 Ch

KWC BOSSANOVA

With the KWC BOSSANOVA ergonomic hand shower, you can add your own personal touch to the way your shower looks and feels. This innovative shower is available in two versions – mono with one jet type or duo with two. The slightly angled shower head allows you to position the spray right where you want it before you take a shower.

Always as good as new

The anti-limescale nubs on the hand shower surface prevent any annoying buildup of limescale. The supple silicone allows you to break up limescale deposits with your thumb or the palm of your hand and simply rinse them away.
